UNITED STATES DEPARTMENT OF AGRICULTURE

SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

MAY 1936

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each or 25 cents a year (foreign, 45 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICES REGARDING MEAT INSPECTION

ANIMAL CASINGS FOR GREAT BRITAIN

In the future only animal casings derived from animals slaughtered in official establishments, which have been handled in a sanitary manner and have not been treated with and do not contain any preservative, coloring, or other substance not permitted by the regulations, and which upon *examination* by Bureau inspectors are found to be fit for sausage containers, shall be exported to Great Britain.

Inspectors will satisfy themselves of the origin of the casings through affidavit of the exporter, and of the sanitary handling by examination of the premises and methods where the casings are prepared.

The containers of animal casings for Great Britain shall be marked with the regular export meat-inspection stamp, but the casings need not be certified to at the time of export.

(mailing address, 21st and Penn Sts., Kansas City, Mo.), for anthrax aggressin; anthrax spore vaccine; antianthrax serum; anti-calf-scur serum; anti-canine-distemper serum; antiencephalomyelitis serum (equine); antienteritis serum (swine); anti-hemorrhagic-septicemia serum; anti-hog-cholera serum; anti-influenza serum (equine); antimastitis serum (bovine); anti-mixed-infection serum (canine); anti-mixed-infection serum (feline); anti-navel-ill serum (equine); anti-swine-erysipelas serum; autogenous bacterin; avian tuberculin; blackleg aggressin (cultural); blackleg aggressin (natural);

blackleg bacterin; botulinus antitoxin; bovine-abortion vaccine; calf-scours mixed bacterin; canine-distemper vaccine; canine-distemper virus; cholera-typhoid bacterin (avian); contagious-ecthyma vaccine (sheep); encephalomyelitis vaccine (equine); enteritis mixed bacterin (swine); equine-abortion bacterin; equine-influenza bacterin (mixed); fowl-pox vaccine; hemorrhagic-septicemia aggressin; hemorrhagic-septicemia bacterin; hog-cholera virus; johnin; keratitis mixed bacterin (bovine); mallein; mastitis mixed bacterin (bovine); metritis mixed bacterin (bovine); mixed bacterin (avian); mixed bacterin (canine); mixed bacterin (cat); mixed bacterin (ovine); mixed bacterin (rabbits); navel-ill mixed bacterin (equine) normal bovine serum; normal horse serum; pneumonia mixed bacterin (bovine); pneumonia mixed bacterin (swine); polyvalent mixed bacterin (equine); rabies vaccine; staphylococcus bacterin (canine); tetanus antitoxin; tetanus toxoid; tuberculin.

License no. 200 was issued April 16, 1936, to E. K. Glover Laboratories, rooms 8, 9, and 10, Wheeler Building, 4050 Broadway, Kansas City, Mo., for autogenous bacterin; mixed bacterin (avian); mixed bacterin (bovine); mixed bacterin (cuniculi); mixed bacterin (ovine); mixed bacterin (swine).

LICENSES TERMINATED, APRIL 1936

License no. 21, issued April 4, 1933, to Continental Serum Laboratories Co., Isett Avenue, Muscatine, Iowa, was terminated April 9, 1936, because of the discontinuance of production of blackleg aggressin and the change in name of anti-influenza mixed bacterin (equine).

License no. 21, issued April 9, 1936, to Continental Serum Laboratories Co., Isett Avenue, Muscatine, Iowa, was terminated April 29, 1936, because of the change in name of blackleg filtrate to blackleg aggressin (cultural).

License no. 107, issued October 11, 1935, to The Jensen-Salsbery Laboratories, Inc., Twenty-first and Penn Streets, Kansas City, Mo., was terminated April 2, 1936, because of the discontinuance of production of antiabortion serum (bovine), antiblackleg serum, anti-mixed-infection serum (avian), blackleg aggressin, canine-distemper antigen, infectious-rhinitis mixed bacterin (swine), pul-lorin, and white-scur mixed bacterin (bovine).

License no. 200, issued December 15, 1931, to E. K. Glover Laboratories, Wheeler Building, 4050 Broadway, Kansas City, Mo., was terminated April 16, 1936, because of a change in location of the establishment.

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket no. 518.—*In re Fort Worth Poultry & Egg Co.*, Fort Worth, Tex. The Acting Secretary of Agriculture on January 11, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in connection with handling poultry and eggs in commerce. A hearing was held beginning on February 17 at Wichita Falls, Tex., at which time respondent appeared by counsel and the testimony of several witnesses was introduced. It was agreed at the hearing that a Government accountant would have access to respondent's records and make an investigation and report to the respondent. The accountant made an aduit covering the period from December 21, 1934, to March 21, 1935, and submitted his report. As the evidence in this case does not show any violation of the act with sufficient certainty to warrant the issuance of a cease and desist order and the president of the respondent company, who controls its policies, testified that, irrespective of whether the acts complained of ever occurred or not, in the future there would be no violation of the act, the case was dismissed on May 22.

Docket no. 524.—*In re A. L. Fitzsimmons v. Farmers Union Livestock Commission, Inc.*, Denver, Colo. The Acting Secretary of Agriculture on April 25, 1936, dismissed this case as there was no evidence brought out to support the complainant's claim for reparation. Counsel for complainant on May 1 filed a petition for rehearing, alleging that the decision had been rendered without due consideration of the facts. Since this request for a rehearing was submitted, the entire record has been reconsidered and it is found that the Acting Secretary's decision is in accord with the facts and the law, therefore, the petition for rehearing was denied in an order issued by the Acting Secretary on May 11.

Docket no. 535.—*In re Russel Marker*, Springfield, and other Ohio and Kentucky markets. The Acting Secretary of Agriculture on March 4, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed, neglected, and refused to execute and maintain a reasonable

bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of his obligations incurred as a dealer. On March 23 respondent admitted the truth of the matters and things alleged and waived a hearing thereon. On May 15 respondent was ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond or furnishing some other form of satisfactory indemnity to secure the performance of his obligations, and was suspended from registration as a dealer for a period of 6 months with leave, however, during said period to apply for revocation of this suspension upon filing a reasonable bond or furnishing other satisfactory indemnity.

Docket no. 539.—In re Elger J. Pfeiderer, Mount Vernon and other Ohio and West Virginia markets. The Acting Secretary of Agriculture on March 25, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of his obligations incurred as a dealer. On April 27 respondent admitted the truth of the matters and things alleged and waived hearing thereon. On May 21 respondent was ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond or furnishing other satisfactory indemnity to secure the performance of his obligations, and was suspended from registration as a dealer for a period of 6 months with leave, however, during said period to apply for revocation of this suspension upon filing a reasonable bond or furnishing other satisfactory indemnity.

Docket no. 540.—In re Lee Salisbury, Washington Court House and other Ohio markets. The Acting Secretary of Agriculture on April 10, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of his obligations incurred as a market agency. On April 28 respondent admitted the truth of the matters and things alleged and waived a hearing thereon. On May 15 respondent was ordered to cease and desist from doing business as a market agency without executing and maintaining a reasonable bond or furnishing some other form of satisfactory indemnity to secure the performance of his obligations and was suspended from registration as a market agency for a period of 6 months with leave, however, during said period to apply for revocation of this suspension upon filing a reasonable bond or furnishing other satisfactory indemnity.

Docket no. 541.—In re The Ozark Commission Co., Springfield, Mo. The Acting Secretary of Agriculture on April 23, 1936, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees or to furnish any other form of satisfactory indemnity to secure the performance of its obligations incurred as a market agency. On May 6 respondent filed a proper bond and on May 14 admitted the truth of the matters and things alleged and waived a hearing thereon. On May 28 respondent was ordered to cease and desist from doing business as a market agency without executing and maintaining a reasonable bond or furnishing any other form of satisfactory indemnity to secure the performance of its obligations.

The Jones-Neuhoff Stock Yards located at Atlanta, Ga., was posted as coming within the jurisdiction of the Packers and Stockyards Act on April 25, 1936.

TRANSPORTATION ON PERMANENT CHANGE OF STATION ¹

An employee transferred from one official station to another for permanent duty, not for his own convenience, may be allowed his traveling expenses and charges for packing, crating, drayage, transportation, uncrating, and unpacking of his household goods and personal effects, including animals for domestic use, and personal property, which will be used in official work at the new station, excluding motor vehicles, whether the shipment is from the old post to the new,

¹ Amendment to par. 37 of the Fiscal Regulations.

or from a previous post to the new, or, if specifically authorized by the Secretary of Agriculture, partly from the old post and partly from some previous post to the new. The authorization must be in writing, may be issued by a chief of Bureau; regional forester, Forest Service; district engineer, Bureau of Public Roads; or regional conservator, Soil Conservation Service; and must state that the transfer was not for the employee's convenience. The transportation of property may be authorized only within 1 year after the date such officer is permanently assigned to an official station within the continental limits of the United States and within 3 years after the date such officer is permanently assigned to an official station outside the continental limits of the United States, except that in special cases where in the judgment of the Secretary of Agriculture the facts warrant he may authorize such shipment subsequently notwithstanding the expiration of the specified period. The term "official station" includes a suburb of the city in which located. The shipment shall be by the least expensive means, including truck or van where practicable, taking into account all allowable costs above specified, but express may be used for perishable articles or those required for immediate use at the new post, as wearing apparel, tableware, bedding, and kitchen utensils (not furniture or jewelry), where alternative transportation would be inconveniently slow. Freight shipments should be on Government bills of lading with release to the lowest valuation, which must be specified. Carload rates should be secured where cheaper. Competition is required when the amounts exceed \$50 for (1) packing and crating, (2) drayage, (3) truck, or van transportation, and (4) uncrating and unpacking.

LONG-DISTANCE TELEPHONE CALLS ²

Long-distance calls may be made only when the nature of the business to be transacted is urgent, cannot be adequately transacted by mail or telegraph, or is of such a character as to require personal contact. Within these limitations, any employee whose duties necessitate expenditures for telephone calls is authorized to incur expense for official long-distance messages, subject to the discretion of the officer in responsible charge of the unit to which such employee may be attached. Except in unusual circumstances, all official long-distance telephone calls shall be made on a station-to-station basis and not on a person-to-person basis.

Toll charges in excess of 50 cents for long-distance telephone calls on official business will be allowed only when a certificate is furnished showing:

1. Bureau.
2. Division.
3. Name of person making call.
4. Name of party with whom communication was held.
5. Points between which service was rendered.
6. Date of call.
7. Number of minutes.
8. Charge as to initial period, additional minutes, and total.
9. Type of call (station-to-station, person-to-person, report charge, messenger).
10. Statement that the call was on official business.

Employees making an administrative examination of accounts are instructed to suspend from vouchers any toll charge for a call exceeding 50 cents unless such a certificate signed by an authorized administrative officer is attached. Failure to furnish a certificate promptly shall be reported to the proper administrative officer.

Telephone calls made in the field may be reversed and charged to the unit called, provided such call is official and the reversal is acceptable to the officer in responsible charge of the unit called. In such instances the party accepting the call will be responsible for the submission of the certificate. Certificates on reverse calls received in Washington will be prepared by the telephone operator.

² Amendment to par. 729 of the Administrative Regulations. This amendment becomes effective July 1, 1936. The procedure to be followed is outlined in Budget and Finance Circular No. 24, dated May 22, 1936, a copy of which has been sent to all field stations. Additional copies may be obtained on form P-1 requisition.
